

## 2011 - ComSec LLC - TSCM Service Plans

**“CEO Option” | “Executive Option” | “Presidential Option”**

### **Technical Surveillance Countermeasures (TSCM) Solution**

**ComSec LLC understands your needs! When there is a potential risk your organization has been penetrated by illegal eavesdroppers, you need a comprehensive Technical Surveillance Counter Measures (TSCM) Survey that is as unobtrusive as possible so it can be conducted during the course of normal business without raising the suspicions of your staff or the eavesdropper(s).**

**ComSec LLC has developed The “CEO Option” and The “Executive Option” two proprietary TSCM survey solutions that are unobtrusive and conducted utilizing ComSec’s proprietary instrumentation & protocols. All components and protocols remain inconspicuous during the survey, and can easily be disguised as 802.11 audit, Wi-Fi audit or RF mapping session.**

**ComSec’s CEO Option or Executive Option Survey provides an effective unobtrusive TSCM solution that doesn’t disrupt your workplace routine, or alert your staff to a potential eavesdropping threat.**

ComSec LLC. 3811 Jefferson Blvd., 2<sup>nd</sup> Floor VA Beach, Virginia 23455 USA

VA Beach: 757-615-7053 | Northern VA-DC-MD: 703-910-3330 | Nationwide Ph/Fax: 800-615-0392

A COMSEC TSCM Survey (Often referred to as a bug sweep) will provide a Professional evaluation of your business executive offices or facility's security posture against electronic eavesdropping and will consist of thorough electronic and physical examinations to detect unauthorized audio and video devices (Technical Surveillance Device). For example, wireless transmitters (bugs), Wire & mic tap, telephone compromise tap, carrier current bug, micro wireless video device, laser & infra red eavesdropping device, etc.

## The Plans

**“CEO Option” \*Contact us for flat fee quote\* 1-800-615-0392**

Includes a TSCM Survey of three (3) executive offices/rooms, two (2) secretarial areas / cubicles, one (1) conference / board room, all phones / lines and fax machines within survey areas.

**“Executive Option” \*Contact us far flat fee quote\* 1-800-615-0392**

Includes a TSCM Survey of five (5) executive offices/rooms, three (3) secretarial areas / cubicles, two (2) conference / board rooms, all phones / lines and fax machines within survey areas.

**“Presidential Option” \*Contact us for flat fee quote\* 1-800-615-0392**

Includes a TSCM Survey of seven (7) executive offices/rooms, four (4) secretarial areas / cubicles, two (2) conference / board rooms, all phones / lines and fax machines within survey areas.

Upon completion of your TSCM Survey, ComSec LLC will provide a detailed report identifying survey techniques, findings, and recommendations. If a listening device / bug/ wireless camera, or other technical surveillance device is detected during your TSCM Survey, ComSec LLC will meet with you to discuss next steps with regard to identifying the origin of the device (if possible) and procedures to mitigate future risk of recurrence.

If you have additional areas / devices to include in the TSCM Survey, please let us know when scheduling your survey so they can be quoted as well. Extensive assignments and regularly scheduled surveys may be eligible for discounts. To receive the most accurate estimate for your assignment, please complete our **Secure Contact / Risk Assessment Form** @ <http://www.bugsweeps.net/CONTACT.html> Need help? Please don't hesitate to contact us!
